4th International Symposium on DISASTER RESILIENCE AND SUSTAINABLE DEVELOPMENT 2025

SUSTAINABILITY THROUGH DEVELOPMENT

THEMATIC AREAS

1 CLIMATE
CHANGE,
ADAPTATION &
NATURE BASED
SOLUTIONS

2 HUMANITARIAN
ASSISTANCE,
EMERGENCY RESPONSE,
RECOVERY & HUMAN
MOBILITY

3 INFRASTRUCTURE
RESILIENCE TO
NATURAL HAZARDS

4 MOUNTAIN HAZARD
AND RESILIENCE
BUILDING

5 DELTAS, COASTAL
AND ESTUARINE
SYSTEM

6 INFORMATION TECHNOLOGY, BIG DATA
& EARLY WARNING SYSTEMS

7 DISASTER
ECONOMICS AND
RISK
GOVERNANCE
POLICIES

8 SUSTAINABILITY,
DEVELOPMENT, SOCIETY
AND EDUCATION &
INTERDISCIPLINARY
APPROACH FOR DRR

PROCEEDINGS/BOOK/JOURNAL

Disaster risk has become more complex due to the impending effects of climate change, disruptive technology, rapid infrastructure development, and growing anthropogenic pressures. Under current development pathways, we should prepare to face the possibility of more compounding hazards and complex risk landscapes in the future.

The “4th International Symposium on Disaster Resilience and Sustainable Development”, referred to as DRSD 2025, organized by the Asian Institute of Technology, gathers experts, practitioners, policymakers, and students from Asia Pacific and beyond to present a discourse on improving development practices to reduce long-term complex risks and promote equitable sustainability. With wide-ranging thematic areas and diverse participation, DRSD 2025 is well placed to explore the complex challenges faced by Asia Pacific and beyond and collaborate for effective solutions.

The international symposium will be held from 24-26 November 2025 as a fully in-person event. The program will include keynote speeches, panel discussions, technical sessions, poster presentations, and academic exhibitions. DRSD 2025 will also serve as a platform for participants to build new networks and partnerships or strengthen existing ones to enhance future collaboration opportunities.

The symposium aims to foster critical discourse on enhancing development practices to reduce systemic and long-term disaster risks while promoting inclusive and equitable sustainability. With a comprehensive range of thematic areas:

CONVENER

DR.INDRAJIT PAL

Chair and Convener, Organising Committee DRSD 2025
Associate Professor and Chair,
Disaster Preparedness Mitigation and Management (DPMM), AIT

CONTACT

DR. ADITYA GANNI

Programme Officer, DRSD 2025 Secretariat
Disaster Preparedness Mitigation and Management (DPMM), AIT
